Media Center Getting a New Look

Swem's Media Center will undergo a complete renovation this semester. The renovation will result in new learning spaces and services designed for 21st century teaching and learning with new media.

During the renovation, Media Center services and staff will relocate to the first floor of Swem. Equipment checkout and returns will take place at the Circulation desk. Media Center staff have relocated to the Research offices. Computers have been removed from studios and relocated across from the Research Desk. Note: Most recording options that were available when the computers were located in studios (vocals, acoustic/analog instruments) will no longer be available. We are sorry for the inconvenience.
